GAURAV BATHEJA

Data Science IITM BS

ABOUT ME

I'm passionate about participating in meaningful projects and making a difference. Whether it's managing a team, arranging events, or assisting peers, I'm always eager to get involved and contribute. Aside from my professional endeavors, I enjoy playing chess, diving into the world of mathematics and programming, and experimenting with data analysis. My ultimate goal is to be a successful data scientist and make a positive contribution with my work.
